

## Title

A. Author<sup>1\*</sup>, B. Author<sup>1</sup>, C. Author<sup>2</sup>

<sup>1</sup> *Affiliation A*

<sup>2</sup> *Affiliation B*

\* Email address of submitting author: [A.Author@ipp.ac.cn](mailto:A.Author@ipp.ac.cn)

These instructions give you guidelines for preparing abstract for HMWS 2019. Use this document as a template if you are using Microsoft Word 6.0 or later. Otherwise, use this document as an instruction set. The electronic file of your abstract will be formatted further by conference committee. Paper titles should be written in uppercase and lowercase letters, not all uppercase. Full names of authors are preferred in the author field, but are not required. Put a space between authors' initials. The abstract must be a concise yet comprehensive reflection of what is in your paper. The abstract may be text only or contain figures and graphics, but must be only 1 page.

Before you submit the abstract, please remember that the file name should be modified as "Session number-family name of the submitting author". For example, if Dr. Williams submits an abstract in the field of session 5 (Isotopic effect on particle and heat transport), his submitted file should be named as "5-Williams". The session numbers and names are listed as following.

Session 1: "Formation and sustainment of transport barriers relevant to fusion reactor"

Session 2: "Advances of small-ELM and stationary ELM-free regimes"

Session 3: "Role of mean and oscillating radial electric field in LH transition"

Session 4: "Key issues of ELM control and its mechanisms"

Session 5: "Isotopic effect on particle and heat transport"

Session 6: "Influences of fueling and transport on pedestal structure"

The abstract should be submitted via Email to [HMWS2019@ipp.ac.cn](mailto:HMWS2019@ipp.ac.cn). If you have any questions about the meeting, please feel free to contact the organizing committee by this Email.
